| cell2001_power      | float | Share of villages with electricity in district * pre-delim PC * post-delim PC (2001 district)                 |
| cell2001_paved      | float | Share of villages connected with a paved road in district * pre-delim PC * post-delim PC (2001 district)      |
| primary_past        | float | Share of villages with a primary school in corresponding pre-delim PC (Census 2001)                           |
| phc_past            | float | Share of villages with a primary health centre in corresponding pre-delim PC (Census 2001)                    |
| phs_past            | float | Share of villages with a primary health sub-centre in corresponding pre-delim PC (Census 2001)                |
| tap_past            | float | Share of villages with tap water in corresponding pre-delim PC (Census 2001)                                  |
| power_past          | float | Share of villages with electricity in corresponding pre-delim PC (Census 2001)                                |
| paved_past          | float | Share of villages connected with a paved road in corresponding pre-delim PC (Census 2001)                     |
| share_sc_past       | float | Share of scheduled caste in corresponding pre-delim PC (Census 2001)                                          |
| share_st_past       | float | Share of scheduled tribe in corresponding pre-delim PC (Census 2001)                                          |
| share_l6_past       | float | Share of children below 6 in corresponding pre-delim PC (Census 2001)                                         |
| population_past     | float | Total population in corresponding pre-delim PC (Census 2001)                                                  |
| urbanization_past   | float | Urbanization rate in corresponding pre-delim PC (Census 2001)                                                 |
| share_lit_past      | float | Share of literate villagers in corresponding pre-delim PC (Census 2001)                                       |
| religion_frac_past  | float | Religious fractionalization in corresponding pre-delim PC (NSS 2009-10)                                       |
| caste_frac_past     | float | Caste fractionalization in corresponding pre-delim PC (NSS 2009-10)                                           |
| share_blocksplit    | float | Population share living in a split block in Pre-delim PC * Post-delim PC * district                           |
| mean_share_acW      | float | Population share that changed AC in Pre-delim PC * Post-delim PC * district                                   |
| distance_km         | float | Distance to nearest constituency border                                                                       |
| poverty_pre66_past  | float | Poverty rate in corresponding pre-delim PC (NSS 2009-10)                                                      |

|             |       |                                                                      |
|-------------|-------|----------------------------------------------------------------------|
| change_ac   | float | Indicates the person changed AC constituency due to the delimitation |
| split_block | float | Indicates a split block                                              |

| share_blocksplit   | float | Population share living in a split block in Pre-delim PC * Post-delim PC * district            |
| distance_km        | float | Distance to nearest constituency border                                                        |
| change_ac          | float | Indicates the person changed AC constituency due to the delimitation                           |
| split_block        | float | Indicates a split block                                                                        |
| poverty_pre66_past | float | Poverty rate in corresponding pre-delim PC (NSS 2009-10)                                       |
| pc_dist_y          | float | group(pc_dist year)                                                                            |
| mean_share_acW     | float | Population share that changed AC in Pre-delim PC * Post-delim PC * district                    |

## Appendix B

Observations: 465

Variables: 25

| Variable name         | Storage type | Variable label                                          |
|-----------------------|--------------|---------------------------------------------------------|
| state2001             | float        | State identifier                                        |
| state_name            | str14        | State name                                              |
| count_pcs             | float        | Number of PCs in state                                  |
| mean_pop              | float        | Average PC population in state                          |
| mean_change           | float        | Average change in PC population after the delimitation, |
| count_pcsALL          | float        | Total number of PCs                                     |
| mean_popALL           | float        | Overall average PC population                           |
| mean_changeALL        | float        | Average change in PC population after the delimitation, |
| abs_population_change | float        | Absolute change in electorate by comparing pre-delim PC |
| mpre_electors_2004    | float        | Eligible voters Pre-Delim                               |
| mpre_electors_2004_2  | float        | Eligible voters Pre-Delim Squared                       |
| population_increase   | float        | Increase in electorates pre-delim PC                    |
| share_old_voters      | float        | Share of electorate from the matched pre-delim PC       |
| mpre_res_post_sc      | float        | Population share SC Pre-Delim                           |
| mpre_res_post_st      | float        | Population share ST Pre-Delim                           |

|                   |       |                                                          |
|-------------------|-------|----------------------------------------------------------|
| demographic_index | float | Demographic change index                                 |
| com_incument      | float | The MP was an associate member of the delimitation commi |
| cab_minister      | float | The MP was a cabinet minister                            |
| state_minister    | float | The MP was a state minister                              |
| align_stategovern | float | The MP was a from same party as state government         |
| pre_share_sc      | float | Share of scheduled caste in pre-delim PC                 |
| pre_share_st      | float | Share of scheduled tribes in pre-delim PC                |
| pre_urbanization  | float | Urbanization rate in pre-delim PC                        |
| pre_share_lit     | float | Share of literates in pre-delim PC                       |
| pre_share_males   | float | Share of males in pre-delim PC                           |
