

Panchayat level predicted NREGA demand and expenditure

S.No.	Column	Data Type	Description
1	index		
2	Panchayat_ID	Integer	Panchayat ID as in Local Government Directory
3	Gram_panchayat_name	String	Name of the Panchayat
4	Subdistrict census code	Integer	Census code for the sub-district
5	Subdistrict name	String	Name of the Sub-district
6	District census code	Integer	Census code for the district
7	District name	String	Name of the district
8	State census code	Integer	Census code for the state
9	State name	String	Name of the state
10	Panchayat_Geometry	Geometry	Panchayat boundary
11	no_hh	Integer	Number of households in the Panchayat (2011 census)
12	tot_p	Integer	Panchayat population (2011 census)
13	tot_m	Integer	Male population (2011 census)
14	tot_f	Integer	Female population (2011 census)
15	p_06	Integer	Number of people below 6 years of age
16	m_06	Integer	Number of males below 6 years of age
17	f_06	Integer	Number of females below 6 years of age
18	p_sc	Integer	Scheduled Caste population
19	m_sc	Integer	Number of Scheduled Caste male

20	f_sc	Integer	Number of Scheduled Caste female
21	p_st	Integer	Scheduled Tribe population
22	m_st	Integer	Number of Scheduled Tribe male
23	f_st	Integer	Number of Scheduled Tribe female
24	p_lit	Integer	Literate population
25	m_lit	Integer	Number of literate males
26	f_lit	Integer	Number of literate females
27	p_ill	Integer	Illiterate population
28	m_ill	Integer	Number of illiterate males
29	f_ill	Integer	Number of illiterate females
30	adi_2011	Float	Aggregate Development Index computed using 2011 census data
31	adi_2019	Float	Predicted Aggregate Development Index
32	Unnamed: 0		NA
33	mis_index	Integer	Panchayat ID generated to refer to the panchayatin Fairness application
34	state	String	Name of the state
35	district	String	Name of the district
36	block	String	Name of the Sub-district
37	panchayat	String	Name of the Panchayat
38	average_wage	Float	Average NREGA wage
39	employment_provided_total_persondays	Float	Number of persondays of employment provided
40	unskilled_wage_expenditure	Float	Computed NREGA expenditure on wage payment for unskilled labor

41	expenditure	Float	NREGA expenditure according to MIS
42	employment_demanded_persons	Float	Number of persondays of employment demanded
43	employment_demanded_household	Float	Number of household demanding employment
44	demand	Float	Predicted percentage of household that should demand NREGA employment
45	per_cap_exp	Float	OBSOLETE-Unskilled wage expenditure normalized by population
46	rec_dem_exp	Float	OBSOLETE-Unskilled wage expenditure normalized by recorded demand
47	pred_dem_exp	Float	OBSOLETE-Unskilled wage expenditure normalized by population
48	per_hh_exp	Float	Unskilled wage expenditure normalized by number of household according to census
49	per_hh_rde	Float	Unskilled wage expenditure normalized by number of household demanding NREGA work
50	per_hh_pde	Float	Unskilled wage expenditure normalized by predicted number of household that should demand NREGA work
